

Dr Anny Sauvageau, M.D., M.Sc.

Citizenship: Canadian

Languages: fluent in English and French; advanced Spanish; intermediate Japanese; basic Mandarin

Education

MD (Doctorate in Medicine), University of Montreal (Quebec, Canada), 1996

MSc, Neurological Sciences, University of Montreal (Quebec, Canada), 1997

Anatomical Pathology Advanced Graduate Diploma, Post graduate medical education, University of Montreal (Quebec, Canada), 2002

Board certification

Board certified in Anatomical Pathology, Royal College of Physicians and Surgeons of Canada and Quebec College of Physicians

Founder designation in Forensic Pathology by the Royal College of Physicians and Surgeons of Canada

Employment

2015 - present	Consultant Forensic Pathologist (international clientele: Canada, USA and Europe)
2011 - 2014	Chief Medical Examiner Office of the Chief Medical Examiner, Alberta, Canada Main accomplishments: -Complete structure re-organization for optimal operations management -Transition to a system where all death investigations are performed by forensic pathologists -Creation and implementation of a peer review system -Complete review of the financial processes -Creation and implementation of policies and procedures to ensure compliance with legislations and best practices
2010 - 2011	Deputy Chief Medical Examiner Office of the Chief Medical Examiner, Edmonton (Alberta), Canada
2009 - 2010	Assistant Chief Medical Examiner Office of the Chief Medical Examiner, Edmonton (Alberta), Canada
2002 - 2009	Forensic Pathologist Laboratoire de sciences judiciaires et de médecine légale [Forensic Sciences and Legal Medicine Laboratory], Montreal (Quebec), Canada

Academic appointments

2011 - 2014	Founder and Program Director of the residency program in Forensic Pathology, University of Alberta
2011 - 2014	Clinical Associate Professor, Department of Pathology & Laboratory medicine, University of Calgary
2009 - 2014	Clinical Associate Professor, Department of laboratory medicine and pathology, Faculty of medicine and dentistry, University of Alberta
2003 - 2009	Clinical Assistant Professor, Pathology Department, Faculty of medicine, McGill University
2003 - 2009	Clinical Assistant Professor, Department of pathology and cellular biology, Faculty of medicine, University of Montreal

Training in leadership and management

From 2010 to 2014, participation in several leadership and management training programs, including:

- Leadership program at Queen's School of Business
- Senior and executive manager's development program at University of Alberta

Committee appointments

1. Committee Member, Forensic Pathology Working Group of the Royal College of Physicians and Surgeons of Canada (this working group was in charge of evaluating forensic pathology as a new sub-specialty of pathology), 2004 - 2007.
2. Executive Committee Member/ Vice-President, Association des Médecins en Protection de l'Enfance du Québec [Quebec Association of Physicians in Child Protection], 2004 - 2009.
3. Vice-Chair, Examination Board of Forensic Pathology, Royal College of Physicians and Surgeons of Canada, 2007 to 2011.
4. Committee Member, Forensic Pathology specialty committee of the Royal College of Physicians and Surgeons of Canada (this new committee was in charge of organizing forensic pathology as new sub-specialty in Canada), 2007 to 2011.
5. Executive Committee Member, Canadian Association of Pathologists, Forensic Pathology Section, since 2007 to 2014
6. Committee Member, Awards Committee, Pathology and Biology Section, American Academy of Forensic Sciences, 2010 to 2013.
7. Committee Member, Best Resident Paper Award Committee, Pathology and Biology Section, American Academy of Forensic Sciences, 2010 to 2013.

Awards and honors

1. Enbridge Famous 5 Speakers (speakers are chosen based on their personal accomplishments as women leaders, and their success in contributing to leadership for women within their communities (2013).
2. Global Women of Vision (celebrates the accomplishments of outstanding Edmonton women) (2012).
3. Scientific Popularisation Award of the ACFAS [French-speaking Scientific Association] (2005).
4. Public service award of excellence, Youth forum of the Quebec public servants (2003).
5. Hommage Award of the Association des médecins de langue française du Canada [French Physicians Association of Canada] and the National Bank of Canada, for professional and social exceptional commitment as well as exemplary leadership (2001).
6. Resident Research Award of the Canadian Society for Clinical Investigation (CSCI) and the Canadian Institute of Health Research (CIHR) (2001). Bursary for Young Scientists, Neuropathology and Applied Neurobiology and the British Neuropathological Society, XIVth International Congress of Neuropathology, Birmingham, UK (2000).

Publications

The names followed by an asterisk (*) were my students at the time.

Books:

1. Sauvageau A (2004). Pathologie Humaine [Human Pathology]. HumanSource, Montreal.
2. Sauvageau A, Geberth VJ (2013). Autoerotic Deaths. Practical Forensics and Investigative Perspectives. CRC Press, Boca Raton, Florida.

Book chapters:

1. Sauvageau A, Kremer C (*) (2008). Accidental Falls: Forensic Approach. In Accidental Falls: Causes, prevention and interventions. Nova Publishers.
2. Sauvageau A (2013). Death by Hanging. In Essentials of Autopsy Practice. Rutty GN, Editor.
3. Sauvageau A, Jones GR (2015). Forensic Sciences in Canada. In The Global Practice of Forensic Science. Ubelaker DH, Editor.
4. Sauvageau A (2016). Autoerotic Deaths. In Current Practice in Forensic Medicine, 2nd Ed. Gall J, Payne-James J, Editors.

Published papers in forensic pathology:

1. Sauvageau A, Racette S (*), Yesovitch R (*) (2005). Suicide by inhalation of carbon monoxide in a residential fire- A case report. J Forensic Sci; 50(4):937-8.

Presentations in forensic meetings

The presentation in neurological sciences and the presentation for which I was not the main presenter are not listed in this CV.

Invited oral presentations/ lectures:

1. Sauvageau A (2006). Aspects éthiques du travail médico-légal sur les restes humains : une perspective québécoise [Ethical aspects of the medico-legal examination of human remains: a perspective from Quebec]. Jean Moulin Lyon 3 University, Faculty of Philosophy, France.
2. Sauvageau A (2007). Analysis of two videos from real cases of autoerotic deaths. Meeting of the Mediterranean Academy of Forensic Sciences, Porto, Portugal.
3. Sauvageau A (2007). Autoerotic deaths: the importance to be aware of atypical cases. Meeting of the American Association of Assistant Pathologists, Montreal.
4. Sauvageau A (2007). Agonal sequences in four filmed hangings: Analysis of respiratory and movement responses to asphyxia by hanging. XVIII Symposium international de ciencias forenses [XVIII International Symposium of Forensic Sciences], Guayaquil, Ecuador.
5. Sauvageau A (2007). Discrimination of falls and blows in blunt head trauma: Assessment of predictability through combined criteria. XVIII Symposium international de ciencias forenses [XVIII International Symposium of Forensic Sciences], Guayaquil, Ecuador.
6. Sauvageau A (2007). Six-year retrospective study of suicidal hangings: Determination of the pattern of limb lesions induced by body responses to asphyxia by hanging. XVIII Symposium international de ciencias forenses [XVIII International Symposium of Forensic Sciences], Guayaquil, Ecuador.
7. Sauvageau A (2007). Fracture of the cricoid as a potential pointer to homicide: A 6-year retrospective study of neck structures fractures in hanging victims. XVIII Symposium international de ciencias forenses [XVIII International Symposium of Forensic Sciences], Guayaquil, Ecuador.
8. Sauvageau A (2008). Agonal sequences in five filmed hangings: Analysis of respiratory and movement responses to asphyxia by hanging. Great Rounds, Office of Chief Medical Examiner, New-York.
9. Sauvageau A (2009). Discrimination of falls and blows in blunt head trauma: assessment of predictability through combined criteria. International Academy of Legal Medicine, Lisbon, Portugal.

10. Sauvageau A (2009). Agonal sequences in eight filmed hangings: Analysis of respiratory and movement responses to asphyxia by hanging. British Association of Forensic Medicine, Glasgow.
11. Sauvageau A (2009). Agonal sequences in twelve filmed hangings and three filmed ligature strangulations: new data from the Working group on human asphyxia. XX Symposium international de ciencias forenses [XX International Symposium of Forensic Sciences], Guayaquil, Ecuador.
12. Sauvageau A (2009). Classification of asphyxia: the need for standardization. XX Symposium international de ciencias forenses [XX International Symposium of Forensic Sciences], Guayaquil, Ecuador.
13. Sauvageau A (2009). Fractures of the neck structures in suicidal hanging: a retrospective study on contributing variables. XX Symposium international de ciencias forenses [XX International Symposium of Forensic Sciences], Guayaquil, Ecuador.
14. Sauvageau A (2009). Discrimination of falls and blows in blunt head trauma: A multi-criteria approach. XX Symposium international de ciencias forenses [XX International Symposium of Forensic Sciences], Guayaquil, Ecuador.
15. Sauvageau A (2010). Secuencia de la agonía en ahorcamientos [Agonal sequences in hangings]. Primer encuentro mundial de especialistas en ciencias forenses [First world meeting of experts in forensic sciences]. Guayaquil, Ecuador.
16. Sauvageau A (2010). Ahorcamientos filmados no letal y estrangulamiento con ligadura [Filmed non-lethal hangings and ligature strangulation]. Primer encuentro mundial de especialistas en ciencias forenses [First world meeting of experts in forensic sciences]. Guayaquil, Ecuador.
17. Sauvageau A (2010). Muertes autoeróticas [Autoerotic deaths]. Primer encuentro mundial de especialistas en ciencias forenses [First world meeting of experts in forensic sciences]. Guayaquil, Ecuador.
18. Sauvageau A (2011). The International Network for Forensic Research (INFOR) and the Classification of Asphyxia: Can we arrive to an international consensus? 19th Meeting of the International Association of Forensic Science, Madeira, Portugal.
19. Sauvageau A (2011). Secuencia de la agonía en ahorcamientos [Agonal sequences in hangings]. [XXI International Symposium of Forensic Sciences], Guayaquil, Ecuador.
20. Sauvageau A (2011). Ahorcamientos filmados no letal y estrangulamiento con ligadura [Filmed non-lethal hangings and ligature strangulation]. [XXI International Symposium of Forensic Sciences], Guayaquil, Ecuador.
21. Sauvageau A (2011). Muertes autoeróticas [Autoerotic deaths]. [XXI International Symposium of Forensic Sciences], Guayaquil, Ecuador.
22. Sauvageau A (2012). Cursos precongreso, Estudio y clasificación de las asfixias [Study and Classification of asphyxia]. 16th Congreso nacional de medicina legal y ciencias forenses [16th meeting national de legal medicine and forensic sciences], Bogotá, Colombia.
23. Sauvageau A (2012). Pathologist, Coroner and Medical Examiner: Understanding the difference in their roles as part of a multidisciplinary child abuse and neglect team. National Child Maltreatment Symposium, Edmonton, Canada.
24. Sauvageau A (2012). Secuencia de la agonía en ahorcamientos [Agonal sequences in hangings]. [XXII International Symposium of Forensic Sciences], Guayaquil, Ecuador.
25. Sauvageau A (2012). Muertes autoeróticas [Autoerotic deaths]. [XXII International Symposium of Forensic Sciences], Guayaquil, Ecuador.

Oral presentations in workshops:

1. Sauvageau A (2006). Post-mortem changes mimicking child or elder abuse. Invited oral presentation in the workshop Problems and challenges with inflicted trauma at the extremes of life, at the Meeting of the International Academy of Pathology, Montreal.
2. Sauvageau A (2007). Traumatic lesions by sharp or blunt weapons and postmortem changes mimickers. Invited workshop at the Meeting of the American Association of Assistant Pathologists, Montreal.
3. Sauvageau A, LaHarpe R, Geberth VJ (2008). New insight into asphyxia by hanging: from basic hanging deaths and autoerotic asphyxial fatalities to advanced pathophysiology of human hanging. Chairman of the workshop. 61th Meeting of the American Academy of Forensic Sciences, Denver.

4. Sauvageau A (2011). Autoerotic deaths: current knowledge and updates. Invited oral presentation in the workshop Sex related homicides and death investigation: significance of pornography, sexual deviance, autoerotic fatalities, investigative and behavioral analysis, signature and mo. 63th Meeting of the American Academy of Forensic Sciences, Chicago.
5. Sauvageau A (2011). The External Examination in Asphyxial Deaths. Workshop of the International Rehabilitation Council for Torture Victims. 19th Meeting of the International Association of Forensic Science, Madeira, Portugal.
6. Sauvageau A (2012). Autoerotic deaths: current knowledge and updates. Invited oral presentation in the workshop Sex related homicides and death investigation: significance of pornography, sexual deviance, autoerotic fatalities, investigative and behavioral analysis, signature and mo. 64th Meeting of the American Academy of Forensic Sciences, Atlanta.
7. Sauvageau A, Pinheiro J, EN L'Abbé, SA Symes (2012). Advances in asphyxia by strangulation for pathologists and anthropologists. Chairman of the workshop. 64th Meeting of the American Academy of Forensic Sciences, Atlanta.
8. Sauvageau A (2012). Cursos precongreso, Muertes por asfixia [Workshop on deaths by asphyxia]. 16th Congreso nacional de medicina legal y ciencias forenses [16th meeting national de legal medicine and forensic sciences], Bogota, Colombia.
9. Geberth VJ, Wolf B, Sauvageau A (2013). Practical homicide and medicolegal death investigation: practical and clinical perspectives regarding the homicide investigation and the medical examiner's determination in various modalities of death including child deaths and suicide. 65th Meeting of the American Academy of Forensic Sciences, Washington.

Oral presentations:

1. Sauvageau A (2005). Fatal asphyxia by a thyroglossal duct cyst in an adult: a case report and review of the literature. Oral presentation at the 17th Meeting of the International Association of Forensic Science, Hong-Kong.
2. Sauvageau A, Bourgault A (2005). Cerebral traumatism with a playground rocking toy mimicking shaken baby syndrome. Oral presentation at the 17th Meeting of the International Association of Forensic Science, Hong-Kong.
3. Sauvageau A (2005). Delayed deaths in vascular traumatism: two case reports. Oral presentation at the 17th Meeting of the International Association of Forensic Science, Hong-Kong.
4. Sauvageau A (2006). Arteriovenous malformation and its implication in forensic pathology: a case report. Oral presentation at the 58th Meeting of the American Academy of Forensic Sciences, Seattle.
5. Sauvageau A, Racette S (*) (2006). Agonal sequences in a filmed suicidal hanging: analysis of respiratory and movement responses to asphyxia by hanging. Oral presentation at the 58th Meeting of the American Academy of Forensic Sciences, Seattle.
6. Sauvageau A, Racette S (*) (2006). Auto-erotic deaths: a retrospective epidemiological study. Oral presentation at the International Academy of Legal Medicine, Budapest.
7. Sauvageau A, Racette S (*) (2006). Agonal sequences in three filmed hangings: analysis of respiratory and movement responses to asphyxia by hanging. Oral presentation at the International Academy of Legal Medicine, Budapest.
8. Sauvageau A, Racette S (*) (2007). Agonal sequences in four filmed hangings: analysis of respiratory and movement responses to asphyxia by hanging. Oral presentation at the 59th Meeting of the American Academy of Forensic Sciences, San Antonio.
9. Sauvageau A, Racette S (*), Kremer C (*) (2007). [Discrimination of falls and blows in blunt head trauma : systematic study of the hat brim line rule in relation to skull fractures.] International Francophone Medico-Legal Meeting, St-Étienne, France.
10. Sauvageau A, Racette S (*), Kremer C (*) (2007). Discrimination of falls and blows in blunt head trauma : systematic study of the hat brim line rule in relation to skull fractures. Oral presentation at the Meeting of the Mediterranean Academy of Forensic Sciences, Porto, Portugal.
11. Sauvageau A, Racette S (*), Kremer C (*) (2008). Mapping the literature in forensic sciences: a bibliometric study of North American journals from 1980 to 2005. Oral presentation at the 60th Meeting of the American Academy of Forensic Sciences, Washington.
12. Sauvageau A, Racette S (*), Kremer C (*) (2008). Discrimination of falls and blows in blunt head

trauma: assessment of predictability through combined criteria. Oral presentation at the 60th Meeting of the American Academy of Forensic Sciences, Washington.

13. Sauvageau A (2008). Six-Year Retrospective Study of Suicidal Hangings: Determination of the Pattern of Limb Lesions Induced by Body Responses to Asphyxia by Hanging. Oral presentation at the 18th Meeting of the International Association of Forensic Science, New-Orleans.
14. Sauvageau A (2008). Fracture of the Cricoid as a Potential Pointer to Homicide: A 6-Year Retrospective Study of Neck Structures Fractures in Hanging Victims. Oral presentation at the 18th Meeting of the International Association of Forensic Science, New-Orleans.
15. Sauvageau A, LaHarpe R, Geberth VJ (2009). Agonal sequences in eight filmed hangings: analysis of respiratory and movement responses to asphyxia by hanging. Oral presentation at the 61th Meeting of the American Academy of Forensic Sciences, Denver.
16. Sauvageau A, LaHarpe R, Geberth VJ (2009). Agonal sequences in eight filmed hangings: analysis of respiratory and movement responses to asphyxia by hanging. Oral presentation at the International Academy of Forensic Sciences, Lisbon, Portugal.
17. Sauvageau A, LaHarpe R, Geberth VJ (2009). [Agonal sequences in eight filmed hangings: analysis of respiratory and movement responses to asphyxia by hanging.] Oral presentation at the 46th International Francophone Medico-Legal Meeting, Lille, France.
18. Sauvageau A, Clement R (*) (2010). Fracture of the neck structures fractures in suicidal hangings: a retrospective study on contributing variables. Oral presentation at the 62th Meeting of the American Academy of Forensic Sciences, Seattle.
19. Sauvageau A (2011). Study of lethal and non-lethal filmed hangings: new insight into the pathophysiology of hanging. Oral presentation at the 63th Meeting of the American Academy of Forensic Sciences, Chicago.
20. Sauvageau A (2011). Autoerotic deaths: a 25-year retrospective epidemiological study. Oral presentation at the 63th Meeting of the American Academy of Forensic Sciences, Chicago.
21. Sauvageau A (2011). Study of Lethal and Non-lethal Filmed Hangings: New Insight Into the Pathophysiology of Hanging. 19th Meeting of the International Association of Forensic Science, Madeira, Portugal.
22. Sauvageau A. (2012). The International Network for Forensic Research (INFOR) and the Classification of Asphyxia: Can we arrive to an international consensus? 64th Meeting of the American Academy of Forensic Sciences, Atlanta.

Poster presentations:

1. Sauvageau A, Racette S (*) (2006). Post-mortem changes mistaken for traumatic lesions: a highly prevalent reason for coroner's autopsy request. Poster presentation at the 4th European Academy of Forensic Science, Helsinki.
2. Sauvageau A, Kremer C (*), Racette S (*), Marton D (2006). Radiographs interpretation by forensic pathologists: a quality-control study. Poster presentation at the 4th European Academy of Forensic Science, Helsinki.
3. Sauvageau A, Racette S (*) (2007). Child and adolescent victims in forensic autopsy: a five year retrospective study. Poster presentation at the 59th Meeting of the American Academy of Forensic Sciences, San Antonio.
4. Sauvageau A (2010) Discrimination of falls and blows in blunt head trauma: A multi-criteria approach. Poster presentation at the 62th Meeting of the American Academy of Forensic Sciences, Seattle.
5. Sauvageau A (2010) Classification of asphyxia: the need for standardization. Poster presentation at the 62th Meeting of the American Academy of Forensic Sciences, Seattle.

Moderator in forensic meetings:

1. 3th Mediterranean Academy of Forensic Sciences Congress, 2007, Porto, Portugal.
2. 19th Meeting of the International Association of Forensic Science, Madeira, Portugal.

Supervision of postgraduate students

1. Stéphanie Racette (thesis accepted, 2007), MSc, Pathology and Cellular Biology, Director.
2. Elie Boghossian (thesis accepted, 2010), MSc, Biomedical Sciences, Director.
3. Anne Desjarlais (thesis accepted, 2014), MSc, Criminology, Co-director.

Member of editorial boards (between 2007-2014)

1. The Open Forensic Sciences Journal
2. Clinical Medicine Insights: Case Reports
3. BMC Clinical Pathology
4. International Journal of General Medicine
5. International Medical Case Reports Journal
6. Archives of Medicine & Health Sciences

Reviewer for peer-review journals (between 2007-2014)

1. Journal of Forensic Sciences
2. Forensic Science International
3. Forensic Sciences, Medicine and Pathology
4. Journal of Forensic and Legal Medicine
5. Journal de médecine légale [the French legal medicine journal]
6. Addiction
7. Clinical Medicine: Trauma and Intensive Medicine
8. Indian Journal of Medical Sciences
9. Pediatrics
10. Journal of Medicine and Medical Sciences

Other Interests

PADI (Professional Association of Diving Instructors) certification: Rescue Diver
WSET (Wine & Spirit Education Trust) certification: Level 1 to 3 (with distinction)
